Concepts
Software Development With Scrum
training with Axon Active.

Lam TrúC ĐặNg

Engineer's Degree at University of Information Technology
Ho Chi Minh City, Ho Chi Minh City, Vietnam

Experience

BS-MS Program Assignments

BS-MS Student

February 2023 - Present (3 years 4 months)

Create Knowledge Graph from text with NLP and Python

University Graduation Thesis

University student

August 2023 - January 2024 (6 months)

Project "Propose an approach to comparing the contents of YouTube videos"
concludes:

- Data collection and basic cleaning.
- Data analysis and visualization.
- Working with deep learning models.

Saigon A.I.

Data Analyst

September 2023 - December 2023 (4 months)

Saigon A.I

Intern Data Analyst

September 2023 - December 2023 (4 months)

Learn about WEKA and EDA.

- Work on given projects, applying EDA.
- Successfully pass the internship program with ying colors.

University Assignments

University Student

August 2019 - August 2023 (4 years 1 month)

Design UI/UX for web developing assignment - Cosmetic Online Shop

Design UI/UX for mobile app developing assignment - Makeup Tutorial using
face-type recognition

Mock Project ERP Systems for Cosmetics Store - con g ERP System based on
Odo, data analyze and report statistics

Project Management: Mock Project Building Website for Rabbit pet shop - project development planning, estimate time and cost, risk management and handling

Business Intelligence - analyze, visualize data

Big data and cloud computing - Building book shop system with Azure

Draw Usecase diagram, Sequence diagram, Activity diagram, Class diagram, State diagram for courses assignments such as Data Modeling and System analysis and Design

Information System Laboratory

Researcher

February 2022 - November 2022 (10 months)

Research on machine learning algorithms, deep learning, neural networks, especially generate Knowledge Graph

Researched and developed Makeup Tutorial app based on Face Recognition model

Design UI/UX for Makeup Tutorial app

Currently researching about Electricity Consumption Forecast by different methods

Self-studying about time series, classification, prediction with Transformer model

Education

University of Information Technology

Engineer's degree, Information Technology · (August 2019 - April 2024)
