Sơn Hà Nguyễn

Senior Public Relations Specialist
Ho Chi Minh City, Vietnam

Summary

Started as an Engineering Student at Vietnamese-German University, but after 4 years I had a change of heart and chose Marketing/Event as my career path. As I started over at HUTECH with Applied English major, I also started working with some different roles to support my studies. I used to be a book translator, joined a start-up project (and got invested from VIISA), ran events with Pulse Active, Hela Entertainment and somehow ended up working as a Corporate Public Relation Officer of Dat Xanh Group since 2020. After 2 years of learning and growing with DXG, I took my chance with NovaGroup and started a new journey.

Open and outgoing but I also pay a lot of attention to details, which I learned from the time working as a book translator/editor as well. I love traveling, reading and writing, and can't live without good music
